Main Conference

Main Conference Preface	1
<i>Keynote and Featured Speakers</i>	
Chris Dede, Harvard University	4
Bonnie Bracey, International Society for Teacher Education	8
Souta CallingLast, Indigenous Vision	15
Rebecca Goff, Native Teaching Aids	17
Eliza Reilly, National Center for Science and Civic Engagement	20
<i>Full, Long and Short Papers</i>	
Augmented reality impact in the development of formal thinking	23
Interactive Large Structure N-Body Gravity Simulation for Immersive Learning in Virtual Reality	35
Identifying Immersive Environments' most relevant Research Topics: an Instrument to query Researchers and Practitioners	48
sCool - A mobile flexible learning environment	72
The accuracy of the vague and the lightness of the weight in VG as a sample of Minor Poetry	85
Building Human-Scale Intelligent Immersive Spaces for Foreign Language Learning	94
Digital Exploration of Ethnic Facial Variation	104
Navigation Hints in Serious Games	115
Workshops	
Redefining Summer Programming Camps	125
Streams of Inspired Thinking--The Confluence of Civic Engagement	127
Posters	
Lucid Learning: a Theory of Learning in Mentally Created Virtual Realities	129
ARpiano - Efficient Music Learning Using Augmented Reality	131
Group Immersion in Classrooms: A Framework for an Intelligent Group-Based Tutoring System	133
ELLE the EndLess LEarner: A Second Language Acquisition Virtual Reality Game	136
Visualizing tsunami threats to coastal communities with immersive technologies	139
Debugging Computational Design: A Pedagogical Approach	142
Using a Wearable EEG to Promote Mindfulness in an Adolescent with Autism Spectrum Disorder	145
Investigating the promise of the virtual field trip: Capitalizing on the advantages of virtual reality for conveying field site information	147
Special Tracks	
Special Tracks Preface	149
ST: Environmental Sciences and Immersive Learning	
Immersive Virtual Environments and Climate Change Engagement	152
Postropolis Learns?	164

ST: Climate Change and Disaster Management Immersive Analytics	
Immersive Analytics for Floods Management Semantic Trajectory Data Warehouse Ontology.....	168
Immersive analytics for the suggestion of opinions in the analysis of a medical report from a collaborative social network	180
Real time hand tracking method for immersive application.....	192
ST: Immersed in Cultural Heritage	
Digital Heritage: Digital Drawing and new Research Tools for Investigation in History of Architecture	201
Exploring the Use of Virtual Identities for Broadening Participation in Computer Science Learning.....	213
ST: Personalisation in Immersive and Game-Based Learning Environments	
The Effect of Learning Styles and Scaffolding Strategy on Students' Achievement in a VR Learning Environment	222
Student Primary School Teachers' Attitude towards Virtual Reality in Primary School Education.....	233
Experiential Critical Thinking: Prototyping a Humanities Learning Module in VR	246
